

Dear Dad and Mom,

Time is flying. We have been living in Toronto for more than two years. We miss you so much. Summer is coming in Toronto. It is the best season for visiting this beautiful city. I really hope you both can come and share the happiness with me.

I'd like to invite you to Toronto from June for three months onwards. All expenses will be responsible by yourselves.

Please go to Canadian Consulate General for a temporary resident Visa application as soon as you receive this letter of invitation. Please provide all the documents as required. In the mean time, I will also mail all the supporting documents to you. Hope you will have a smooth application.

Should you need any other materials from me, please feel free to let me know.

Look forward to seeing you soon in Toronto.

Love,

XXX
